Rameder Earns Another “Doctorate”

Strict criteria fulfilled as TecDoc CERTIFIED DATA SUPPLIER

Rameder undergoes a thorough inspection once a year by “TecDoc” in an effort to earn the distinction “CERTIFIED DATA SUPPLIER” – which was most recently awarded in July of 2015. **Rameder**, the leading provider for tow bars and transport accessories fulfils the strict criteria of Europe’s most extensive automotive parts catalogue. The electronic TecDoc programme gives automotive shops access to spare parts and accessories from more than 1,000 certified manufacturers and distributors through a single tool and search mask.

Regular certifications are performed in order to ensure consistently high quality of the data inventory, which is supplemented every quarter. **Rameder** has fulfilled these criteria for eleven years now; all tow bars and many other vehicle-specific accessories are meticulously recorded based on vehicle type and code number, providing extensive individual product descriptions and specific prices. Further information about the TecDoc certification at: www.rameder.eu/rameder/tecdoc-data-supplier.html
